Virtual Training Event Using Zoom

Free Zoom Registration: <https://bit.ly/NVWARNFE>

The Nevada Water and Wastewater Agency Response Network (**NvWARN**) is hosting a free virtual EPA-sponsored communication-based functional exercise (FE) event. The virtual FE will provide an opportunity for participants to exercise emergency response capabilities in response to a hypothetical extreme weather scenario affecting water and wastewater systems. NvWARN is a statewide, web-based mutual assistance program which facilitates equipment and personnel requests among member utilities during emergencies. Emergency aid and assistance can be in the form of equipment, materials, and other associated services as necessary from other water and wastewater utilities. Visit <https://www.nvwarn.org/> for more information about the mutual aid network.

Who Should Participate:

This FE is open to representatives from all Nevada water and wastewater systems and their response partners (e.g., emergency management, healthcare facilities) interested in learning more about NvWARN and water sector mutual aid.

Free Online Registration:

Please register by December 1st so we can maintain an accurate headcount. Once registered you will receive a Zoom link to join the event. The FE facilitators, Horsley Witten Group (EPA Contractor), will contact you to discuss the FE in further detail.

Contact Hours:

An application will be submitted for Nevada water and wastewater operators to receive contact hours for participating in the FE event.

Questions:

NvWARN related questions can be directed by email to Corey Ross (NvWARN Chair) with the Las Vegas Valley Water District by email at corey.ross@lvwwd.com.

FE related questions can be directed to Quinn McWatters of the Horsley Witten Group (EPA Contractor) who is assisting with the planning and facilitation of the event by email at qmcwatters@horsleywitten.com.
